JAMES MING JOHNSON

EDUCATION

University	Stanford University
Degree	BA, Film and Media Studies, 2012
Training	Film Theory, Writing, Criticism, and Practice

SNAPSHOT

I'm a software developer living in New York City

I enjoy building full-stack applications in JavaScript and Ruby on Rails. My projects have been diverse and cater to a variety of users, from finance buffs to art historians. I'm passionate about finding creative solutions to complex problems and building beautiful products.

EXPERIENCE

Software Developer
November 2015 – Ongoing

Freelance

Built websites ranging from personal portfolios to restaurant websites, in addition to building my own full-stack applications in my free time.

- **Explore the Rijksmuseum:** An art application that allows you to search the Rijksmuseum's collection and save your favorites (Node.js, MongoDB, jQuery).
- **Jarrod Sport:** The personal website and portfolio for a San Francisco - based broadcast media professional (HTML5, CSS, JavaScript).
- **Stock Inflator:** A research application that allows you to graph and compare US stock prices against their inflation-adjusted historical values (Ruby on Rails, PostgreSQL, jQuery).
- **The Old Master Project (ongoing):** My personal tribute to Old Master painters, this is an education application that chronicles the development of art from the Renaissance to the 19th century, complete with its own API (Node.js, jQuery).

STATE Bags
March 2014 – May 2015

Marketing Manager

- Used Facebook ad manager to launch online advertising campaigns promoting STATE's line of backpacks as well as its social mission.
- Assisted photoshoots and collaborated with STATE's digital agency to plan seasonal photoshoots, promotional materials, and overall brand management.
- Designed promotional materials and incorporated them into email marketing stystems.
- Organized sales outreach, including cold calling to prospective vendors

Food Guru
June 2013 – August 2013

Videographer

- Assisted in filming of marketing videos for Bay Area gourmet food service companies and restaurants using DSLR cameras.
- Served as Director of Photography for the American Cheese Society's and marketing video, to be shown at their annual national convention.

FORA.tv
October 2012 – June 2013

Sales and Post-Production Assistant

- Served as primary administor of FORA.tv's Salesforce platform.
- Used Salesforce data to create and manage company's sales pipeline.
- Cataloged and edited raw interview footage for broadcast using Adobe Final Cut Pro and Adobe After Effects.
